Objective

Motivated and outcome-driven Computer Engineering graduate with a robust foundation in computer science, Cloud and Software development. Committed to contributing technical expertise, adept problem-solving skills, and a substantial academic background to a challenging engineering role. Seeking opportunities to apply knowledge and drive innovation in a professional setting

Skills

Java | C++ | C | Python | AWS | GCP | Linux | Docker | Jenkins | MS Azure | MySQL | Git | Kubernetes | Networking | AI/ML

Internships

Explore Infotech Pvt Ltd

June 2021 – January 2022

System Engineer Intern

- Collaborated with the development team to implement and test software solutions.
- Assisted in system administration tasks, ensuring optimal performance and security.
- Elevated the documentation standards by creating comprehensive records of system configurations and procedures, establishing a reliable knowledge base for future reference.
- Actively participated in team meetings, offering valuable insights and promoting a collaborative and innovative work environment conducive to achieving organizational goals.

Oasis Infobyte Pvt Ltd

December 2023 – January 2024

Web Development Intern

- Demonstrated a commitment to continuous learning by staying updated on emerging technologies and incorporating new skills into daily tasks
- Implemented authentication, authorization, and payment gateway integration for seamless transactions.
- Designed and developed a personal portfolio showcasing projects and skills.
- Ensured cross-browser compatibility and responsive design for optimal user experience

Projects

- **Sign Language Detection using CNN for Real-Time Gesture Recognition**
 - Developed and trained a CNN model for real-time sign language detection
 - Optimized model performance through data set Training and implemented semi-supervised learning model
 - Implemented a user-friendly interface for live video stream input
- **Data Analytics Dashboard for Examination Result Analysis System using ML**
 - Designed and implemented a data analytics dashboard using visualization.
 - Enabled users to analyze the progress and make accurate career decisions.

Education

K.J.'s Trinity College of Engineering and Research | Pune , India

July 2023

Bachelor Engineering in Computer Engineering (Savitribai Phule Pune University)

Percentage : 80.75 %

Marathwada Mitra Mandal's Polytechnic | Pune , India

June 2019

Diploma (Maharashtra State Board of Technical Education)

Percentage : 77.94 %

Dr DY Patil English Medium School | Pune , India

March 2016

SSC (Maharashtra State Board of Secondary & Higher Secondary Education)

Percentage : 61.00 %

Certifications

- AWS Solution Architecture by Forage
- Agile methodology by Cognizent
- Masters of Network Administrator (Jetking Institute)
- TATA Certificate of Advanced Excel, MS Office, Machine Learning
- Global Digital Corps Disaster Management
