CAREER OBJECTIVE : Seeking an entry-level position in the field of Computer Science, utilizing my exceptional analytical, problem-solving, and technical skills. As a recent graduate with a Bachelor of Engineering degree in Computer Science, I am eager to contribute to organizational growth while approaching my duties with a positive mindset and enthusiasm.

TECHNICAL SKILLS

- Knowledgeable of Cisco Systems Cisco Works, packet analysis software, and Linux.
- Programming languages: C, C++, JAVA, MYSQL, HTML5, CSS, PYTHON, RUBY, JAVASCRIPT.
- Knowledgeable with GitHub , Jenkins, Ansible , Docker , Kubernetes, AWS, Azure , Terraform
- Proficiency with using server load balancers, channel banks, and file servers.
- Capable of troubleshooting software issues.
- CCNA switching and Routing.
- Fundamentals-Hardware, OS & Networking.
- MS Windows Server 2016.
- RHEL LINUX -7.1.
- Desktop Applications (MS-Office, Office-365, Outlook 2016, Putty).
- Hands-on knowledge of Computer Assembly and Upgradation.
- Hands-on experience in Crimping (Straight Cable and Cross-over Cables).
- Configuration and Troubleshooting of LAN setup.
- Configuration and Troubleshooting via Remote access.
- Knowledge of software Installation and Troubleshooting.
- Familiar with Operating Systems: Windows 7/8.0/8.1/10, Red hat linux, Kali linux, Linux mint, CentOS.
- Incident and change management. User management, permissions, and storage maintenance in Windows.

CERTIFICATIONS:

- AWS Solution Architecture by forage
- Agile methodology by Cognizent
- Masters of Network Administrator (Jet-king Institute)
- TATA Certificate of Advanced Excel, MS Office, Machine Learning
- Global Digital Corps Disaster Management
- CodeRed from EC-Council Network Defense Essentials
- International Journal of Advanced Research and Innovation Ideas in Education

WORK EXPERIENCE :

System Engineer
Explore Infotech, Pune
2021-2022

- Provided complete IT technical support services and application management.
- Troubleshot malfunctions and updated system hardware and server support.
- Configured and Troubleshot via Remote access.
- Managed user accounts, permissions, and storage in Windows.
- Conducted regular system audits, identifying vulnerabilities and implementing security measures to safeguard against potential threats.
- Provided technical support to end-users, resolving issues promptly and ensuring a positive user experience.

EDUCATIONAL QUALIFICATION :

B.E in Computer Science
Institution: Trinity College of Engineering and Research (SPPU)
Year of Passing: 2023
Percentage 80.75
Pune, India

Diploma in Computer Science
Institution: MM Polytechnic Pune (MSBTE)
Year of Passing: 2019
Percentage 77.95
Pune, India

SSC
Institution: Dr DY Patil English Medium School (Maharashtra state board)
Year of Passing: 2016
Percentage 61.00
Pune, India

PROJECTS :**1. Sign Language Detection using CNN for Real-Time Gesture Recognition**

- Developed and trained a CNN model for real-time sign language detection.
- Optimized model performance through data set Training and implemented semi-supervised learning model.
- Implemented a user-friendly interface for live video stream input.
- Enhanced communication for individuals proficient in sign language.

2. Data Analytics Dashboard for Examination Result Analysis System using ML

- Designed and implemented a data analytics dashboard using visualization.
- Enabled users to analyze the progress and make accurate career decisions.

HOBBIES :

- Painting.
- Gaming.
- Driving.
- Hiking.

DECLARATION :

I hereby declare that the above information is true to the best of my knowledge.

Yours Sincerely,
Omkar Gadale
